

G4 Celebrates Construction Safety Week

Taco Tuesday!

Tuesday | May 4 | 2021

7:00am - Gone

G4 @ 1019 E. Nakoma | San Antonio, TX 78216

Come Join Us Tuesday for Tacos!

Daily Gift Card Drawing All Week

Construction Safety Week is a show of force. It's an opportunity for people, companies and our entire industry to join together, celebrate and recommit to safety as the foundation of everything we do.

Learn how GNSS rovers with tilt technology allow the operator to collect as-built data and stakeout designs faster while increasing accuracy and reduced errors. This also allows the operator to focus more on personal safety in a hazardous environment.

Come by, grab a taco and see the Leica iCON 70T rover in action.

We will also have specials on safety supplies all week.
